What do you want for your child at Pinner Wood?

# Our PW Vision

Pinner Wood's vision is to be an **exceptional school**. We strive to be at the **heart of our community**, delivering a **high-quality, broad, balanced and exciting curriculum** for all children.

We are committed to providing an **all-round education**. We aim to **inspire children's minds** (with a love of learning and *academic knowledge*), hearts (enhancing their *well-being and character education*) and hands (**developing problem solving, critical thinking and practical skills**). We encourage children to think and '**dream big**', to become life-long learners, ready to impact and make a positive contribution to our world.

We endeavour, as a whole school community, to instill a **love of learning** and a thirst for curiosity in our children, both in and out of the classroom, harnessing a variety of teaching techniques and approaches to stimulate, develop and nurture inquisitive minds.

We pledge to provide our children with a **wealth of opportunities and unforgettable experiences** throughout their journey with us to inspire and challenge. We encourage everyone to '**step up**', **take responsibility** for their development and contribute to the community in which they belong.

Everyone at Pinner Wood embraces **individualism and diversity**, celebrates **differences and shows respect, kindness, care and compassion for all**.

A Pinner Wood learner will **grow in confidence**. Their **curiosity and resilience** will blossom, readying them for the next stage of their educational journey. They will develop lifelong transferable skills, important values and qualities in order to **live a happy and fulfilling life**.
