| <b>Our Curriculum Journey</b>                    | <b>Invasion Games Journey:</b> To start this off, children will learn how to hold and use a hockey stick safely and dribble. They will learn how to pass the ball with accuracy and choose the right timing to pass. They will have opportunities to confidently shoot a ball and passing the ball whilst moving. They will learn how to tackle safely and correctly whilst learning about defense. They will finish off this unit by performing skills learnt in a friendly hockey match situation. |              |          |                |                             |   |                         |
